re: application for 15 Mytten Close

If granted, please can you include a condition that no building materials are put on the wildflower verge or pavement in front of my home, 9, Mytten Close RH175LN. In the past a neighbour's contractor tipped a lorry load of stone onto the pavement and verge in front of my house covering the stop cocks in the pavement for both the house gas and water supplies. The wildflowers were also harmed.

With thanks
