Dear Mr Chandler,

Following my previous email at the end of last year I have not received any correspondence regarding condition 6.

Should I receive no update by 27<sup>th</sup> March the condition will be refused.

Kind Regards

Dear Mr Chandler,

Please see the attached decision notice relating to the submitted discharge of conditions application, in which conditions 8, 13 and 14 are discharged.

However, condition 6 requires further information as set out within the attached decision notice, please note that the drainage field submitted is located outside the redline of the original planning permission and cannot be considered as part of a discharge of conditions application.

Notwithstanding the attached decision notice, nor any further decision made regarding condition 6, the works that have taken place on site fall outside the works approved under application DM/20/2602 and are a breach of planning control, as well as a criminal offence.

Therefore, the development granted under DM/20/2602 can no longer be implemented and a new full planning application and listed building consent is required for the conversion of the building and the works that have taken place, as advised by my colleague Tanya Leete.

Kind Regards
