Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	There would appear to be no safe pedestrian access to the development, the only link to the footway adjacent to the Turners Hill Road involves climbing over a section of safety barrier (Hardly DDA compliant) then walking along a short section of footway before having to walk down the narrow private road. This area has poor / no streetlighting and is frequently busy with traffic

accessing the gym & hotel . I do not see how the current plan can
comply with current sustainable transport objectives .

Kind regards
