### Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	Enough is enough! Village roads will just not cope with heavier traffic from new residents. Schools, medical facilities, and public transport will become far too overstretched. This again will threaten local wildlife habitats, hedgerows, and

woodlands.

Increased traffic and pollution will definitely disturb the rural atmosphere.

Pressure on resources like water supply and waste management will rise with more power cuts.

The sense of community often thrives in smaller populations, we will lose our village calmness
