Hi Jo,

I have no objections to the development.

The removal of two Cat C trees, ash and hazel, is not a constraint, however, I would expect to see some mitigation. I appreciate that the site will be limited, if developed, in terms of larger trees, however, there is scope for native hedge planting, even single species, where fencing is shown, and a small tree. A full landscaping plan should be subject of condition.

Please condition adherence to the Arboricultural planning report and Tree Constraints Plans TCP 01 and 02.

Thanks,

Irene
