Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	No more houses on our green land - please! The infrastructure is not supported - not enough water in the reservoir every year and the established villages further away, constantly affected by further building on green land. The houses built are so expensive to local families, not enough doctor's places, not enough school places, busy roads - everything is affected by greedy developers who are not even local.

Why is the local neighbourhood plan for housing being ignored
with further houses constantly being added?

Kind regards
