Subject: DM/26/1511 - The Goods Building, 93 Sunte Avenue, Lindfield, Haywards Heath

Hi Anna,

I have reviewed the Tree Statement for this proposal and find that the information provided is sufficient. As the ash is going to be removed due to Ash Dieback disease, and the section of hedge is non native and would not be something that I would object to, there is no arboricultural reason to prevent this installation.

I have no objection.

Kind regards

Emma
