Subject: DM/26/0854 - Chideok, Valebridge Road, Burgess Hill

Dear Caroline,

I have reviewed the Arboricultural Method Statement for this proposal and whilst I am very happy with the improvements that will be made to the current surfacing on the driveway, it appears that the two parking spaces have not been included. Please could you ask whether the two car parking spaces affect the RPA of the oak? If so, will the same or similar methods be used for this area, too? If that is the case, then could the Arboricultural Method Statement and Tree Protection Plan be updated to reflect that?

Once these changes have been added to the AMS and TPP, please advise and I can make further comments.

Kind regards

Emma
