Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I am concerned that the proposed two-storey rear extension will have a significant overbearing impact to our family property next door. The developer is proposing a new two-storey rear extension which will block light/sunshine to my patio and side of the house. The new extension is wider, deeper and higher which will affect the day light. This will cause significant shade to the patio which we enjoy relaxing on. The patio is a relaxing space for the family
