ARCHAEOLOGICAL ADVICE

RE: Land Rear Of 96 Folders Lane, Burgess Hill

The application is for Discharge of planning condition no 6(iv) relating to planning application DM/25/3090.

The submitted archaeological report suitably describes and interprets the results of the programme of archaeological work undertaken on the site. Nothing of archaeological significance was uncovered. Accordingly, I can recommend the discharge of Condition 6(iv). No further archaeological work is required in relation to this application.
