Subject: Application DM/26/1560

[REDACTED]

I wish to object to planning application DM/26/1560 proposing the erection of 5 detached dwellings and outbuildings.

This proposal relies on an existing access into The Street which is a narrow road already under pressure. Adding traffic from 5 large dwellings risks worsening congestion and reducing pedestrian safety.

This site lies immediately north of the 200 Foxhole Farm development already approved. Adding further houses here intensifies cumulative impact on infrastructure, traffic, drainage and village character and very importantly loss of wildlife.

This proposal is NOT sympathetic to the established character of the village.

For these reasons I strongly object.
