Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	Please ensure any changes to the garden do not disturb an important haven for wildlife. The pond attracts a lot of newts and toads, the latter of which are dwindling in numbers. I don't object to someone landscaping their garden but would be concerned about filling in a pond without checking the type of wildlife that will be adversely impacted.

Kind regards
