Reasons for comment:	
Comments:	Further to my earlier comment, I would like to add that Justin from J Lee Trees works on the entire crown of the tree when it is trimmed back every 5 years, benefitting all neighbouring properties at cost to myself. He has always reduced the entire crown and cut out the dead wood all around. This was last done in June 2022. I don't know how he does it. But the result has always been a beautifully rounded, well balanced symmetrical crown. I can provide photos if required.

Kind regards
