TPO Details

Further Details	
Are you seeking consent for works to tree(s) subject to TPO	Yes
Are you wishing to carry out works to tree(s) in a conservation area?	Yes
If you know which TPO protects the tree(s), enter its title or number	TA/78/886/1349
Please identify the tree(s) and provide a full and clear specification of the works you want to carry out	Single beech tree. Shedding branches in the hot weather but still slightly attached to tree at height. Tree surgeon summoned to remove dangling branches and check safety of tree. Tree surgeon diagnoses stress to the tree due to hot dry weather and also squirrel damage. Felling of tree to ground level recommended.

Additional Information

ADDITIONALINFORMATION	
For all trees	
Sketch plan clearly showing the position of trees listed in the previous question	173_sketcha.jpg (download)
For works to trees covered by TPO	
Please provide a reason why you wish to perform these works	Large branches fell suddenly with no warning - although still attached to the tree at height the branches hit the ground. Fortunately no one nearby at the time, it is in an area where we might be walking or going to the shed, or clearing leaves in the autumn etc. Tree surgeons diagnose stress due to hot weather and extensive damage from squirrels. Risk of further branches falling.
Condition of the trees(s)	Yes
Advice/Diagnostics	Beech Tree RH19 2RX 173.docx (download)
Alleged damage to property	No
Report/Evidence	files.zip (download)
Are you providing separate information?	No

Please provide the reference numbers of plans, documents, professional reports, photographs etc in support of your application.
