TPO Details

Are you seeking consent for works to tree(s) subject to TPO	No
Are you wishing to carry out works to tree(s) in a conservation area?	Yes
If you know which TPO protects the tree(s), enter its title or number	
Please identify the tree(s) and provide a full and clear specification of the works you want to carry out	The tree is a red oak, which we would like to be felled. It was planted by the previous owner of 37 Muster Green South approx 15 years ago. It did not replace any trees which had been removed, it was planted in the middle of other mature trees e. g. oaks / beech It is at the far end of the garden, very close to the boundary of The Lodge, Oakwood Road. It has grown rapidly in recent years and is already approx 8 metres tall and will eventually be far larger than is suitable for a domestic garden, with substantial branches overhanging the garden of The Lodge, Oakwood Road, and is now growing into the existing mature trees. The application is to fell the tree to avoid it overpowering the garden in the future. The current owners of 37 Muster Green South have agreed for the tree to be felled.

Additional Information

Sketch plan clearly showing the position of trees listed in the previous question	RedOakSketch.jpeg (download)

Please provide a reason why you wish to perform these works	The tree is far too large for a domestic garden, it has been planted in the wrong place very close to the boundary and as such will substantially overhang the garden of The Lodge, Oakwood Road as it grows, and potentially cause damage to the house. It is also in the middle of existing mature trees, e.g. oaks approx 150 years old in the garden of The Lodge, which it is now growing into. It was not planted as a replacement, no trees were in the spot previously, hence it is also altering the appearance of the area.
Condition of the trees(s)	No
Advice /Diagnostics	
Alleged damage to property	No
