I object to the planning application.

We bought our house in 2022. We bought it as we wasn't overlooked by 2 story houses. It will look awful at the end of our garden and might hinder a further sale on our property if /when we want to sell it.

It will definitely hinder our view of the beautiful trees we can see and I fear the noise from a 4 bed property will significantly increase.

I live at 3 Grange Close Burgess Hill RH15 0RZ
