Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	Simply a disproportionate plan for an area of open field / green land in a small village with limited resources. - too much pressure on infrastructures including the roads,

community assets, doctors and schools.

- the road system across this 2 mile area is completely congested or constantly under traffic systems due to current poor road conditions and flow.

- no one can currently simply get a GPs appointment and adding 700 homes would break the local health service.

- school places are at a premium

- the local community is getting destroyed bit by bit. We live in this area to enjoy green space and freedom to walk. We do NOT need more housing projects otherwise we will be Crawley mark 2.

Kind regards
