Aldi - Hayward Heath - Application Reference: DM/24/3077

Dear Officer,

Application Ref: DM/24/3077

I am writing to submit my comments in support of a new Aldi store in Haywards Heath.

This application would deliver a number of benefits to the local area, including:

- Greater affordable produce during a cost of living crisis

However I believe that the current suggested location is a poor choice . This is a very busy road already, with the traffic from Waitrose, the station and Elan Nursery. It will cause chaotic traffic problems particularly during commuting time.

I hope that the council will act in the interests of local people by approving this application.
