

Section 3

At this location the path width will need to reduce in width to 2m. this is due to the embankment on each side. Passing places have been provided at suitable opportunities. Refer to Construction method statements by Arboriculturalist and Ecologist to ensure that impacts of path construction are kept to a minimum

Bridleway/Footpath Type 2:
See WSCC Detail - Public Rights of Way Standard Detail -
Bridleway - Ref: 14399/1
Option A Construction (Wet and poorly-drained areas)
