Dear Sir,

In response to your letter of 27 April 2026, our original letter of objection dated 13 January 2026 on behalf of the owners of the King Business Centre remains as their objection to the proposed scheme.

Please also be aware that the applicants have commenced construction of a cycle path on the track which forms part of the application site which is causing considerable noise and vibration to the occupiers of Pavilion House, particularly the SpaMedica eye hospital.

We would urge the Council to investigate this un-authorised commencement of development on the site.

Kind regards
