Site Visit Date: 15.05.26

North – Car park space to the north of the building as well as the main entrance to the building on the northern side.

South – Various roof forms projecting to the southern side of the building which appear to follow a crown roof design. Imposing height of the building makes it visually dominate the locality.

East – Main road to the east of the site as well as further service areas.

West – Some green open space to the west of the building with some mature tree planting visible throughout.

Streetscene – Visually dominated by the hospital building and other large medical buildings.

Other -
