Change of wording to condition 11, remove "including demolition". To allow the demo to commence while awaiting the planning department consultants to review the information submitted.

The development hereby permitted shall not commence, unless or until details of the proposed foul and surface water drainage and means of disposal have been submitted to and approved in writing by the local planning authority. No building shall be occupied until all the approved drainage works have been carried out in accordance with the approved details. The details shall include a timetable for its implementation and a management and maintenance plan for the lifetime of the development which shall include arrangements for adoption by any public authority or statutory undertaker and any other arrangements to secure the operation of the scheme throughout its lifetime. Maintenance and management during the lifetime of the development should be in accordance with the approved details. This condition does not affect demolition of the existing building.

Details of the pre-application advice received

Agreed that an NMA - Section 96a would allow the removal of the wording linking the condition to demolition and allowing site to progress.

Condition would still need to be discharged prior to new works commencing.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
