Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I strongly object to the planning application for the following reasons: I have lived in Copthorne for 45 years and seen the village get bigger with more and more housing but things like doctors and schools can't cope with all the extra people.

There are already 3 convenience stores in the village, there is no need for another. This would have a great impact in the livelihood of the others.

The building disruption would be huge. Apart from the Cherry Tree, which is now mainly a restaurant, the Prince Albert is the only village pub. It does need some investment but with a new garden could be great for families. The investment needs to be here. I have heard that the person submitting the planning application doesn't even live in the village so they're not going to be affected by this but just make money!!

Kind regards
