Hi Anna,

Unfortunately, Jo's project has taken more time than we would of liked. Your project is with Antony for priority this week.

I am out of the office tomorrow returning Monday for your advice.

I appreciate you are out of the office from the 8th – 11th – Shall I send it to Susan during this time for you?

I will check my emails tomorrow morning and Friday PM and if it is there will of course send it over to you.

Best Wishes
Emma

Hi Anna,

There will be a slight delay to receiving the comments on above due to several escalations taking precedence over the recent weeks.

I have requested, today, your application is managed as 2nd priority and am awaiting an idea on time from the Engineer – once I have their guidance I can let you know.

Please do advise Tony, with our appreciation of his patience of course.

Should you have any reservations on this please address with your Team lead / HOD, they are aware.

Many thanks and hope all is well with you,

Best Wishes

Hi Anna

Im pleased to able to attach the FRA and DS for DM/25/0240. That is my only outstanding discharge condition.

The report for DM/25/1800 is also done but that will come to you via the architect of that application.

I trust this version satisfies the drainage dept asap.

Please can you confirm receipt of the email.

Many thanks for your patience once again.
