Subject: 2025.08.14 Re: Meeting with Applicant - further clarification from FR&D
DM/25/0240 - Woodside Grange Woodland Road Hassocks West Sussex BN6 8EX

Dear Anna,

Following our meeting with the applicant yesterday, we would like to clarify the required input parameters with applicant.

With regards to the input parameters for the drainage calculations, the CV value and climate change should be updated in line with Mid Sussex's/ EA policy with the remainder relying on the appropriate site characteristic input values.

Could you send this forward to them and please ask them to email any questions if they require further clarity and we can respond.

Best Wishes
Emma
