Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	The current situation re the pitch is something that needs to be adressed urgently. In recent years the pitch has been unplayable due to adverse weather conditions resulting in many fixtures being postponed causing fixture congestion which in turn it damages the pitch when over used. If a 3G pitch is installed, this would eliminate the issue making it available to all the clubs / teams associated with BHTfc throughout the year. It would also relieve the financial burden due to lack of use / support. It is unthinkable

for Burgess Hill's main sporting club to cease to exist. This is also important for physical well being (all age groups) and social interaction. There are similar facilities in Burgess Hill and they are well supported so having another gives more choice . It is imperative that the Council supports this application to give an improved facility to the many that use it and ensure the BHTfc has a future.

Kind regards
