Commenter Type:	Neighbour or general public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	I believe this is a very positive application which will long term secure the financial security of the football club whilst fully supporting the wider community with a valuable asset which will be available to a much wider audience including the many boys teams that the club runs. The new floodlights and acoustic barrier will also be more environmentally and neighbourly friendly. A very positive application all round.

Kind regards
