Dear Mr Horrell

Application No.: DM/24/2927 - Meadowside, Hophurst Lane, Crawley Down

Part Single & Part Two Storey Extension

Thank you for your notification of revised proposals in this application.

We would not wish to delay or unnecessarily obstruct the applicant's plans to progress their build but we would like to re-iterate concerns in our original observations [29/01/25] regarding the proposed window in the West

Elevation which, although fixed and obscure glazed, would still have the potential to overlook our outside dining/entertaining space.

It is now also proposed for it to be in a wardrobe, rather than bathroom as previously submitted, and we wonder if there is scope for it to be omitted [or perhaps restricted to a more modest high level horizontal style.].

We look forward to receiving any further information as appropriate.

Yours sincerely
