Dear Anna

Please find attached the External Material Schedule submitted for approval, together with Detailed drawings as requested of the new windows and external doors. References 308.BR.10 & 308.BR.11.

Please also find a series of details from the Origin slimline Soho range of profile details requested that align to the schedules and previously submitted Design and Access Statement. You will notice I have selected the projecting glazing bars and mullion that has a profile internally which is akin to the existing and proposed timber framed windows.

Please let me know if you have any further requests. Hopefully, with the photographs sent last week from our site meeting, I trust that the submitted information will be sufficient to enable you and Emily to approve this planning application as timely as possible now that the determination date has passed.

I understand Emily is on annual leave this week and that you intend to speak with her on her return on Tuesday 2nd June. Please advise us of your earliest date for an extension of time to allow for your favourable decision.

Kind regards
Kate
