### Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	<p>Our household would like to formally object to the current plans for this redevelopment site.</p> <p>Our biggest objection is the height of the building, which will look out of place, block light on the high street, and sadly for us, block our view of the downs (the reason we recently bought the house). Additionally, there are already issues with parking in this area, and adding this many extra households, to an already overstretched area is only going to cause more issues and congestion.</p>
-----------	--

We agree that this site should be redeveloped, but redeveloped in a way that is sensitive to the character and feel of the village.

---

Kind regards
