Please identify the tree(s) and provide a full and clear specification of the works you want to carry out	Removal of leylandii trees that have overgrown into our garden by 4m and overhang the road (Broad Street) by 2m. Replacing the soil and then re-planting with either x6 Chinese Cloud Trees or Red Robin (circa 4m in height) dependant on availability, together with further planting for blending. Trees are evergreen and will retain a good height so we can replace the current screening without overhang.
