Thank you for requesting advice on this application from Place Services' ecological advice service. This service provides advice to planning officers to inform Mid Sussex District Council planning decisions with regard to potential ecological impacts from development.

Application: DM/25/1705
Location: Sunte House Birchen Lane Haywards Heath West Sussex
Proposal: Proposed demolition and removal of roof canopy and stairs to existing garage and replace with new wooden staircase. Proposed construction of rear extension to main house and extension linking the Dairy and Toolshed outbuildings. Proposed construction of new poolhouse and associated external and internal works, including window replacements. (Amended plans, heritage rebuttal and ecology rebuttal received 19.12.2025 and amended plans received 12.06.2026)

Thank you for re-consulting Place Services on the above householder application.

No ecological objection	☐
No ecological objection subject to attached conditions	☒

Recommend refusal	☐
Subject to Natural England's formal comments on the conclusion of the LPA's Appropriate Assessment	☐

Summary

We have reviewed the additional information submitted which relates to internal construction details. We confirm that we have no further comments and are still satisfied that there is sufficient ecological information available to support determination of this application. However, please note we have no comments on Great Crested Newt as we have been instructed to leave comments on this European Protected Species to the [NatureSpace Partnership](#).

For clarity, we have included the conditions recommended in our response dated 21st January 2026 below.

Impacts will be minimised such that the proposal is acceptable, subject to the conditions below based on BS42020:2013. We recommend that submission for approval and implementation of the details below should be a condition of any planning consent.

Recommended conditions

1. ACTION REQUIRED IN ACCORDANCE WITH ECOLOGICAL APPRAISAL RECOMMENDATIONS

“All mitigation measures and/or works shall be carried out in accordance with the details contained in the Preliminary Ecological Appraisal report (Urban Edge Environmental Consulting, May 2024) as already submitted with the planning application and agreed in principle with the local planning authority prior to determination.

This will include the appointment of an appropriately competent person e.g. an ecological clerk of works (ECoW) to provide on-site ecological expertise during construction. The appointed person shall undertake all activities, and works shall be carried out, in accordance with the approved details.”

Reason: To conserve protected and Priority species and allow the LPA to discharge its duties under the Conservation of Habitats and Species Regulations 2017 (as amended), the Wildlife & Countryside Act 1981 (as amended) and s40 of the NERC Act 2006 (as amended).

2. PRIOR TO COMMENCEMENT OF ANY WORKS WHICH WILL IMPACT THE BREEDING / RESTING PLACE OF BATS: SUBMISSION OF A COPY OF EPS MITIGATION LICENCE OR EVIDENCE OF SITE REGISTRATION UNDER A BAT MITIGATION CLASS LICENCE FOR BATS

“Any works which will impact the breeding / resting place of bats, shall not in in any circumstances commence unless the local planning authority has been provided with either:

- a) *a licence issued by Natural England pursuant to Regulation 55 of The Conservation of Habitats and Species Regulations 2017 (as amended) authorizing the specified activity/development to go ahead; or*
- b) *evidence of site registration supplied by an individual registered to use a Bat Mitigation Class Licence; or*
- c) *a statement in writing from the Natural England to the effect that it does not consider that the specified activity/development will require a licence."*

Reason: To conserve protected species and allow the LPA to discharge its duties under the Conservation of Habitats and Species Regulations 2017 (as amended), the Wildlife & Countryside Act 1981 (as amended) and s17 Crime & Disorder Act 1998.

3. **PRIOR TO ANY WORKS ABOVE SLAB LEVEL: BIODIVERSITY ENHANCEMENT LAYOUT**

"A Biodiversity Enhancement Layout for biodiversity enhancements listed in the Preliminary Ecological Appraisal report (Urban Edge Environmental Consulting, May 2024) shall be submitted to and approved in writing by the local planning authority.

The content of the Biodiversity Enhancement Layout shall include the following:

- a) *detailed designs or product descriptions to achieve stated objectives;*
- b) *locations of proposed enhancement measures by appropriate maps and plans (where relevant);*

The works shall be implemented in accordance with the approved details shall be retained in that manner thereafter."

Reason: To enhance protected, Priority and threatened species and allow the LPA to discharge its duties under paragraph 187d of NPPF 2024 and s40 of the NERC Act 2006 (as amended).

Please do not hesitate to contact us if you have any queries in relation to this advice.

Yours sincerely,

Hamish Jackson ACIEEM BSc (Hons)

Senior Ecological Consultant
