Grinstead West Sussex RH19 3SD

Dear Andrew,

Please see comments below from the Flood Risk and Drainage team. These comments were issued on the 11th March 2025. We can see that the application was approved, however comments from FR&D are not showing on the portal. I have checked records and am uncertain if these were sent to you, apologies, I am sending forward now for your records.

Thank you for consulting the Flood Risk and Drainage Team on application DM/25/0134

We have no objection to the above application.

Drainage should be managed via building regulations and building control as necessary.

Many thanks
Best Wishes
Emma
