Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I wish to object to the proposed 2-metre boundary wall and the installation of tall iron gates at the neighbouring property. The scale and height of the gates appear excessive and are not in keeping with the character of the surrounding area, where boundary treatments are generally lower and more visually unobtrusive.
-----------	---

	The proposed design would introduce a dominant and overly imposing feature that disrupts the established street scene. It would negatively affect the visual amenity of the neighbourhood
--	---

and set an undesirable precedent for similarly disproportionate structures.

I respectfully request that the planning authority consider whether a more modest and sympathetic boundary treatment would be more appropriate for this location.

Kind regards
