Subject: RE: Discharge Condition 15 Fire Hydrant requirement DM/26/0584 Burgess Hill Northern Arc, Land North And North West Of Burgess Hill, Between Bedelands Nature Reserve In The East And, Goddard's Green Waste Water Treatment Works In The West

Good morning Joseph,

Thank you for the two updates for the request to discharge condition 15 – Fire Hydrant requirement, conformation Southeast Water will be installing the FH in the near future and will inform us when it is ready for use. To that end, I am satisfied condition 15 for Fire Hydrant requirement will be met and the condition can be discharged following the information provided.

Please let me know if you require anything further form me.

Regards
Ian

Good afternoon Ian,

Thank you for your comments.

I passed these onto the agent and have received the attached response.

Please can you advise if this is sufficient or if you would still require any additional information in order to support the condition discharge.

I look forward to hearing from you.

Many thanks

FAO: Joseph Swift

Dear Joseph,

Having viewed the details submitted for the discharge of condition 15 – Fire Hydrants West Sussex Fire & Rescue Service have not received any confirmation that the fire hydrants identified have been or will be installed when the water main is laid, therefore the condition raised cannot be discharged until further information and confirmation is received.

Regards
Ian
