This is subject to exemptions, an exemption applies in relation to planning permission for a development which is the subject of a householder application, within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order (2015)*.

*A 'householder application' means an application for planning permission for development for an existing dwellinghouse, or development within the curtilage of such a dwellinghouse for any purpose incidental to the enjoyment of the dwellinghouse which is not an application for change of use or an application to change the number of dwellings in a building.

The proposal for a two-storey side and rear extension, together with a single-storey rear extension with the catslide roof form (provided as an alternative elevational treatment as part of the pre-application submission), incorporated amendments from the earlier scheme (ref. DM/25/0648) which have been positively received by the officer. The officer noted that the reduction in ridge height improved the subservience of the design. The two-storey rear projection was reduced in depth, which was favored, and the single-storey element was not regarded as contentious given its proportionate scale and subservience.

Positive feedback was provided in relation to the alternative catslide roof form, which was considered more sympathetic to the character of the property and effective in reducing the perceived massing of the extension. The proposed enlargement of the rear dormer was also considered acceptable in light of similar examples within the street.

Overall, the officer advised that the revised scheme represents a more sensitive response to the corner location, with design changes that appear less dominant while still delivering improved accommodation. The officer also advised that, due to the increase in the number of bedrooms, consideration should be given to the potential requirement for additional parking provision in accordance with West Sussex County Council's Guidance for Parking Provision; this has been addressed through the proposed driveway alterations which provide four vehicle spaces, exceeding the guidance requirement.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff**
- (b) an elected member**
- (c) related to a member of staff**
- (d) related to an elected member**

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?
