Dear Chris and Rob

Thank you for facilitating my visit to Copyhold Hollow this morning. Whilst I have no issue in principle with the proposed works, following our discussion on site can I please ask that the submitted Design, Access and Heritage Statement is revised as follows:

- To state more clearly the cause of the water damage to the property and to confirm that this issue has now been successfully addressed; and
- To clarify the nature of the works where possible, and remove mention of options which it seems in fact it is not intended to pursue.

The target date for a decision on the application is 2nd July, so based on the timeline for the revision of the document which we discussed this morning I would be hopeful that we should be able to meet this without the need for an extension of time.

I look forward to hearing from you,

Kind regards,

Emily Wade
