Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	Dear Sirs I object to the proposed development of wickham fields for the following reasons The road access through Gatesmead is insufficient to handle an increase in traffic onto the surrounding main roads which are already very busy at peak times. Drainage in the area already causes flooding especially at the entry to brook lane which is on a dangerous bend. More houses will only make this worse. SE water already find it difficult to maintain a supply of water after even a couple of sunny days and last year applied water restrictions for the entire summer. SE water are already sending out messages this year despite a winter of flooding. Personally I find obtaining a doctors appointment a real challenge.

Kind regards
