Since the club already has so many trees on site I have listed trees that are good for planting in existing wooded areas. Species of the trees the club intend to plant are as follows:

- common dogwood x 4
- eastern redbud x 4
- hazel x 2
- rowan x 2
- holly x 4
- silver birch x 2
- hawthorn x 2

The majority of these will be to the west side of the padel courts where the closest neighbours are and where there are more gaps in the existing trees with the remainder on the east side where the houses are furthest away and the existing trees are closer together.
