Dear Anna,

I can confirm that the parking spaces shown on Plan P08 are not currently allocated to any other user or business at the site. These spaces form part of the existing premises and their use for the proposed flats will not result in any loss of parking provision for the existing flats above. As such, there will be no displacement or overspill parking arising from the development.

Please let me know if you require any further clarification.

Kind Regards,

Shloime Godlewsky
Managing Director

Sussex Road Haywards Heath West Sussex RH16 4EA

To: office@redwoodsprojects.co.uk <office@redwoodsprojects.co.uk>

FAO: Mr Shloime Godlewsky

Dear Shloime

Please see attached the WSCC highways response to the above application.

I have reviewed the submitted Parking Layout Plan, P 08. I shall be grateful if you can address the following comments:

' The plans indicate that three parking spaces will be allocated to the proposed flats, however, it is unclear whether this will result in the loss of parking provision for the existing flats above. The LHA is satisfied with the level of proposed parking provision for the proposed dwellings, however, the LPA may wish to clarify whether existing provision will be lost. Any displaced or overspill parking as result of the development would have to be accommodated on-street '.

Please confirm if the shown spaces are to be newly created or if they are existing spaces that are allocated to any other current user/business at the site?

I look forward to your response on this matter.

Thank you

Regards

Anna
