Thank you for giving me your email address, all good here in my semi-retirement, busy making Quince jelly from the tree at the Farm, absolutely loads of quince!

We have found a buyer for the Farm and he wants to make an application to the local planning authority to confirm that certain rooms are part of the house. The rooms he is referring to are the room with the snooker table, the office beyond and the large play room that leads onto the pool. To support his application he has asked for anyone who knows the house well to write an email setting out who they are, relationship with the family and for how long and then to confirm that the rooms have been used as an extension to the house for as long a period as you know. My recollection is that the conversion was done about 50 years ago so mid 70's.

Your help would be very much appreciated.

Many thanks
