Re: Home Farm - Application for Established Use Certificate

09 October 2025 18:06:07

---

remember playing snooker in the billiard room when I was a boy so from around the early 70s. The billiard room was the centre of many social events in my teenager years. The snooker table is still there. Dad had his office in the next-door room. I have used the swimming pool room since the pool was built also around this time. I was born in 1962.
