Dear Hamish

Please find attached the details of the Batting Curtains, Written Scheme of Investigation in relation to the outstanding potential conditions for Planning app DM/26/0696 - Adastra park, Keymer Road, Hassocks

Following the news that the changes to BNG will not apply to current submitted schemes, the club intends to pursue an off-site habitat bank purchase, we are awaiting a finalised quote with Wild Capital. Once we have been able to complete the purchase we will forward evidence of this purchase so that the BNG 10% is satisfied and there is no requirement to place a condition.

Kind regards

Steve

Hi Ross

The batting curtains are 270 gsm mesh, with metals eyelets for them to be suspended from tension wires. Images attached.

Kind regards,

Steve Ball
Business Development Manager (South)
