Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	This tower is directly south of our house and could be seen once trees lose leaves . I think this is a blot on the landscape. This is a beautiful nature reserve and once again someone is trying to spoil this area. This will affect lots of houses and lots of people who have spent a lot of money buying their dream homes. This is i

completely at odds with the nature reserve and should not be positioned in this beautiful area. we strongly object to this project.

Kind regards
