Commenter Type:	Neighbour or general public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	We've previously commented in support of the application but it's not shown on the website as being uploaded; we're abroad at the moment. The boundary has been a problem for the last twenty years , the length of our occupancy of No 2. The postal services and the refuse collectors use it as a short cut, constantly breaking down any barrier erected. It's been an ongoing problem. The configuration of the fence barrier is appropriate for its purpose to obtain security to Nos 2-8 . Soft landscaping can follow as with management of the remainder of The Crescent. Any cosmetic treatment of the materials can be applied to reduce any objections from other occupants. We trust these comments along with

support from the Parish Council and neighbours will see the end of what has turned into such a controversial matter.

Kind regards
