Subject: Local Highway Authority Site Visit-DM/25/0350

Good Morning Caroline,

I looked at the site on Monday morning. We did note a bicycle attached to the lamppost looking to the right of the site access which is presumably for advertising purposes for one of the businesses on the site. Visibility could be further improved if this wasn't in place. Is this connected with the proposed usage do you know? I am not sure if it has a licence from the WSCC Engineer but I can look into this if the applicant isn't aware of its purpose.

In summary though, for the type of use proposed under the application, the LHA would not have any concerns with the access used.

Kind regards,

Jamie
