Good afternoon Anna.

Following our meeting last Friday, I uploaded the amendments as discussed to the planning portal, incase you're unable to view them please see the attachments.

The proposed garage conversion will become a home for my wife and I living accommodation with our daughter, her partner and grandchildren living in the main house, and sharing the garden and parking spaces (To the front of 28, Allen Road) whilst living together but with our own independence.

Best regards

Mr Ullah

Dear Mr Ullah

Thank you for taking the time to meet me and to discuss your proposals in detail at your property last week.

I have been receiving some comments about the application. These will be uploaded for public viewing onto the online planning register, see [View and Comment on Planning Applications - Mid Sussex District Council](#)

From our discussions it is my understanding that you (the parents) wish to move into this converted garage, with some interdependence for family meals/garden space/etc to the main house. The 'children' living at No 28 also have children (your grandchildren). I understand that your family want to live together, but with separate living space.

You will recall that I requested that the application is supported by a statement to clarify the proposed use of the converted garage and to explain the family relationships. Upon receipt this will be saved to the public documents on the planning file. I am also awaiting Amended plans to show the design alterations to the garage building that we discussed, the addition of a new shed and a separate access door into the rear garden. Upon receipt these plans will be readvertised and the neighbours and Town Council will be reconsulted.

I look forward to hearing from you.

Regards

Anna
