Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	Extremely tall mast that doesn't benefit the residents of Haywards Heath as a whole with regards to the already poor mobile 5G signal in this area. Thus ending up with an visible eyesore that his no reward for the majority of Haywards Heath, surely if you make common sense that this 'vast' mast should cater for the people and not just the transport network, give the residents something in return for

putting up with this 'carbuncle' !

Karl Wright

Kind regards
