Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	Objecting on the grounds 1/ this is too close to a residential area 2/ this is an eyesore spoiling what is left of the nature and ecosystem south of Rocky Lane 3/ it is an utterly unnecessary addition of an ugly mast and access road to supply 5G to a small section of the railway 4/ there is no rational justification for the building of such a structure to eradicate the minor irritation of losing signal. There must be a limit to what corporations are

permitted to do for their own money making gains at the expense of nature and residents.

Kind regards
