SCHEDULE 1 — Mandatory Licence Conditions

- 1 The manager shall produce to Mid Sussex District Council annually a gas safety certificate for inspection if there is gas provided to the house.
 - 2 The manager shall keep electrical appliances and furniture (provided by licence holder) in a safe condition and to supply upon demand to the Local Authority a declaration stating the safety of such appliances and furniture.
 - 3 The manager shall supply to the occupiers of the house a written statement of the terms on which they occupy it.
 - 4 The manager shall ensure that smoke alarms are installed in the house and to keep them in proper working order and to supply the Local Authority on demand, a declaration as to the condition and positioning of these alarms.
-

SCHEDULE 2 — Discretionary Licence Conditions

- 5 The manager shall ensure that the fire alarm system is maintained and tested in line with the provisions of BS 5839 and shall upon demand from the Local Authority provide evidence of the aforementioned testing and maintenance.
- 6 The manager shall employ the services of a competent person to annually check and test the fire extinguishers and fire blankets contained within the property and shall upon demand from the Local Authority provide evidence of the aforementioned testing and maintenance.
- 7 The manager shall ensure that the emergency lighting installed within the property is maintained and tested and shall employ a competent person to do so, and shall upon demand from the Local Authority provide evidence of the aforementioned testing and maintenance.
- 8 The manager shall ensure that any faults identified affecting the fire precautions and equipment contained within the property are remedied within a reasonable time period, by, if necessary, the appropriately competent person and shall keep a log of all faults, indicating date of when fault found and the date the fault was remedied and shall upon demand from the Local Authority provide a copy of the log. If practicable, the manager shall provide and install wash hand basins to all rooms used for sleeping , with a tiled splashback 300mm high, supplied with potable cold water and a supply of hot water, properly connected to services with a satisfactory waste outlet.

- 10 The manager shall provide, and maintain the provision of, suitable refuse and litter bins or other suitable receptacles on a scale adequate to the requirements of residents, except in so far as such provision is made by the Local Authority and, make such supplementary arrangements for the disposal of refuse and litter from the house as may be necessary having regard to any service provided by the Local Authority.
- 11 The manager shall ensure that all parts of the house in common use are in and are maintained in repair (including, where appropriate, decorative repair), a clean condition and good order.
- 12 The manager shall ensure that all installations within the house in common use are in and are maintained in repair (including where appropriate, decorative repair), a clean condition and good order. This includes kitchen, bathroom and laundry facilities.
- 13 The manager shall ensure that such parts of the house in common use as comprise staircases, passage ways, corridors, halls, lobbies, balconies and entrances (including entrance doors, porches and steps) are kept free from obstruction.
- 14 The manager shall ensure that any water fitting which is liable to damage by frost shall (unless it is an overflow pipe) be reasonably protected against such damage. For this purpose "water fitting" includes any pipe (other than a main), tap, cock, valve, ferrule, meter, cistern, bath, water closet, soil pan or other similar apparatus used in connection with the supply or use of water.
- 15 The manager shall not unreasonably cause a supply of gas or electricity to any resident in the house to be interrupted.
- 16 The manager shall ensure that the installations in the accommodation for the supply of water, gas and electricity, for space heating and heating water and for sanitation are in and are maintained in repair and proper working order.
- 17 The manager shall not unreasonably cause a supply of water to any resident in the house to interrupted.
- 18 The manager shall ensure that installations for lighting serving any part of the house in common use are readily available for use by residents to such extent and at such times as they may reasonably require.
- 19 The manager shall ensure that all means of water supply and drainage in the house are in and are maintained in repair, a clean condition and good order (including where appropriate, proper working order).
